For Optimum Clarity, Superior Technology and Sophisticated Styling you cannot overlook Uniden's 5.8GHz Digital Spread Spectrum (DSS) range of cordless phones.

Utilising a wider 5.8GHz Digital Spread Spectrum Bandwidth, these phones are equipped with an array of powerful features including the versatility of being able to operate with up 10 handsets using the one phone socket.

The DSS 7815 comes with Advanced Alpha Display Caller ID, 100 Caller ID Memories and a Visual Message Waiting Indicator feature. Enjoy the ease of hands-free communication with a Digital Duplex Speakerphone on each handset and Two-Way Communication between Handsets Anywhere without the Base.

Combine all these features with the added convenience that 5.8GHz Technology will not interfere with typical wireless networks, and you have the perfect communication accessory to suit households of any size.

Uniden quality, performance and powerful features make the DSS 7815 a truly innovative model of technological excellence and contemporary design.

Suggested Retail: $129.00.
The DSS 7805 is available as an additional handset and charging base.
Suggested Retail: $149.00.
