For optimum clarity, superior technology and sophisticated styling you cannot overlook Uniden's Premium 5.8GHz Digital Spread Spectrum (DSS) range of cordless phones.

Designed and engineered in Japan by Uniden□s famous engineers, Uniden's DSS 8955 + 1 provides the most powerful features including dual keypad, a refreshed styling, an impressive design and a bright large white backlit LCD display on the handset for easy viewing at both night and day. With its high quality build and feel the Premium DSS 89xx series are wireless (Wi-Fi) network friendly and operate with up to 10 handsets.

The DSS 8955 + 1 is equipped with an integrated digital answering machine with remote access and dual keypad for extra convenience. The digital duplex speakerphone on the handset and base makes handsfree communication a breeze. Combine all these with the added convenience that 5.8GHz Technology will not interfere with typical wireless networks, and you have the perfect communication accessory to suit households of any size.

Uniden quality and performance make the DSS 8955 + 1 an outstanding and reliable digital choice - second to none when it comes to cordless phones technology.

Suggested Retail: $199.95.
The DSS 8905 is available as an additional handset and charging base. Suggested Retail: $99.95
